Fitout

RBG Services Group Pty Ltd

RBG Services offers project and development services to the construction and property sectors. Our philosophy is focused on the performance of services exceeding our client's expectations. We, as an independent privately-owned company, have the flexibility to tailor our services and achieve outcomes to meet our client's requirements.

Utilising our team of tradespeople and our professional project management services, RBG is ideally suited to provide total integrated fitout solutions to our clients.

RBG understands the need for extensive pre planning and attention to detail. Our mandate is to ensure the smooth and discrete delivery of a quality end product, whilst maintaining the quiet enjoyment and safety of the general public and minimising impact on ongoing business activities.

Our extensive experience working for sophisticated clients has seen RBG deliver high end construction, fitouts and refurbishment projects such as Boody Eco wear offices, Shore Financial and 99 Mount Street, North Sydney. Our most recent projects have been a range of bespoke custom fitouts within the Sydney metropolitan area.

For further information, please contact Greg Reed on (02) 8960 7300.

Capabilities & Service Offerings

RBG is a highly experienced and competitive professional group with an excellent reputation for delivering quality projects.

- Fair and reasonable approach during contract negotiations
- Ability to perform
- Ability to quickly identify risks.

We are also able to provide the following services and advice to our clients relating to the delivery of the works:

- A highly skilled construction management team
- Quality assurance programme
- Implementation of a project cost and budget control, invoicing and financial reporting system
- Risk mitigation and safety management programme for the site.
- Comprehensive project programming,
- Open lines of communication with all stakeholders

RBG holds the highest accreditations in Safety, Environmental and Quality Management, ensuring that all projects are delivered according to industry best practice and legislative requirements.

webberarchitects
commercial and residential

RBG works collaboratively with Webber Architects, ensuring the delivery of a highly refined product, tailored specifically to each of our clients.

Recent Projects

Lamborghini Showroom

Fortitude Valley

Complete refurbishment of double height glazed showroom and retail space featuring new set ceilings, imported lights and Italian floor tiles.

Structural modification to showroom floor was required to allow for vehicle access through new bi-fold double height glazed doors to façade. The showroom was then completed with floating dark joinery and coffee bar.

SIZE

700sqm

PROJECT DURATION

8 weeks

Bentley Showroom

Fortitude Valley

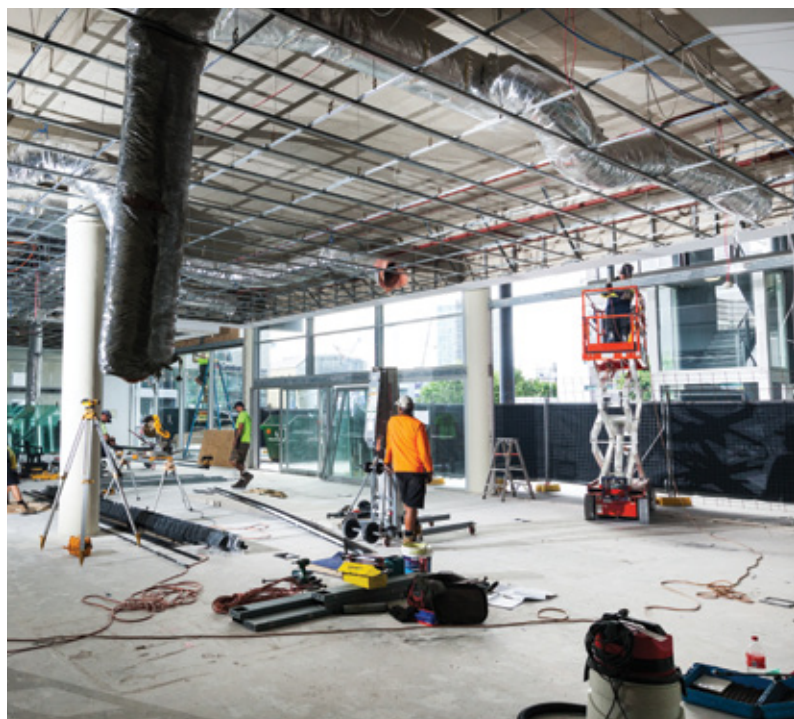

Complete Structural upgrade of the Bentley Showroom mezzanine floor to allow for extra 100sqm of premium elevated floor place and 700sqm of ground floor retail space.

The double height glazing encloses the mezzanine whilst the ground floor glazing features both automatic and bi fold sections to enable vehicular access on the trading floor. Both levels feature set ceilings, new services and lighting layout and Italian tiles finished with custom imported Bentley joinery.

SIZE

700sqm Ground Floor
100sqm Mezzanine

PROJECT DURATION 12 weeks

92 Pitt Street

Sydney

Refurbishment of nationwide retail and fashion recruitment specialists TRAK recruiting office in Sydney's CBD.

Working with Gary Connel (TRAK recruiting's CEO), we were challenged by Garry to deliver this project outside of office hours with the exception of one working day. The project was further constrained by a CBD location with limited access. The success of job came down to excellent onsite project management.

Gary and the team left the office on the Thursday afternoon and returned on the Monday morning to a completely new office, featuring new flooring throughout, painting, and ergonomic office furniture.

A new bespoke kitchen, green wall and fully customised reclaimed timber bar table completed their new look and feel.

SIZE	150sqm
PROJECT DURATION	4 days

ICD Engineering

Baulkham Hills

Complete design and construct project from base building in collaboration with Webber Architects to relocate over 80 people in 6 weeks.

ICD's main focus was to have a fully functioning office as soon as possible which meant programming was a key driver to the success of this project.

The following design and construction elements were included in the fit out:

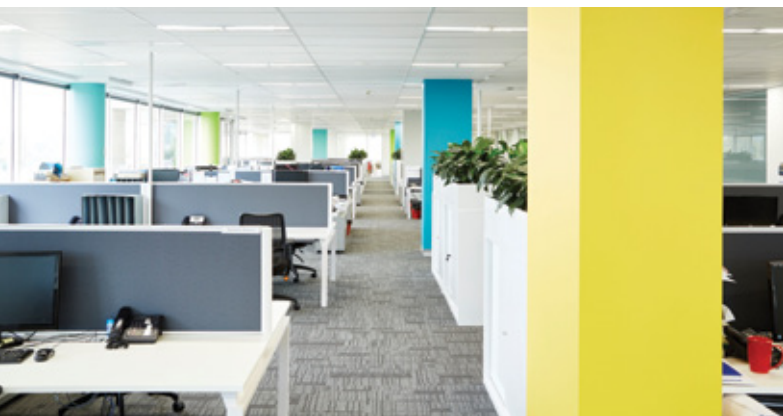

- Construction of CEO Office, five manager's offices, four private offices, one IT office, three meeting rooms and one boardroom
- Installation of 72 open plan workstations
- ICD Signage and artwork for reception, kitchen and boardroom
- Construction of a server room to accommodate ICD infrastructure
- Supply furniture for all offices, workstations, balconies, breakouts, and boardrooms
- Construction of a kitchen and lunchroom
- Supply and install mechanicals
- Supply of joinery

SIZE

1500sqm

PROJECT DURATION

6 weeks

2 Elizabeth Plaza

North Sydney

An interior designed test fit out for building owner Marprop with attention to detail and material choice a key deliverable.

Specific and deliberate material choices for the entry foyer and kitchen breakout area lifted this tenancy's appeal. Construction of matt black glazed boardroom and executive offices with the inclusion of on trend workstations and furniture transformed this open space into a saleable asset for the client.

SIZE	290sqm
PROJECT DURATION	4 weeks

BEH Headquarters

Brisbane, QLD

This modern fitout featured full floor strip out to base building, partitions and glazing with bespoke foyer finished including and an aquarium, floating reception desk and white tiles.

SIZE

1000sqm

PROJECT DURATION

20 weeks

Boody

Darlinghurst, Sydney

A bespoke strata tenancy fitout complete with exposed ceiling ductwork and bamboo flooring.

The tenancy features 50/50 glass and Gyprock partitions throughout, a raised boardroom and 3 offices. The tenancy took on a show room feel whilst maintaining the functionality of a corporate head office.

SIZE

400sqm

PROJECT DURATION

4 weeks

Park Assist

Zetland

The Asia Pacific Head Office for operations of their ultrasonic guidance systems and Park Assist smart sensors systems with a focus on style and detail.

With a very deliberate attention to detailing and material choices, Park Assist wanted to create a bright enjoyable space for the team to work within. The quality and depth of construction was consolidated with a timber panelled feature ceiling and boardroom wall, floor finishes in earthy tones and textures and timber veneer detailing to the internal office doors. The space was then enhanced with state of the art connective technology to reflect the core of Park Assists business.

SIZE

200sqm

PROJECT DURATION

4 weeks

RCA Headquarters

North Sydney

A corporate head office fitout accross 3 levels. Works included a 3 storey structural steel staircase, extensive patio works to level 3, BBQ structure and reflection ponds. A state of the art modern fitout and statement.

SIZE

3,000sqm
